

Currents Numbers

Kindergarten:	7	
1st Grade:	7	
2nd Grade:	11	
3rd Grade:	14	(plus another 6 who are being tested and will likely qualify)
4th Grade:	28	
5th Grade:	26	

NOTE: 4th/5th will likely place a few more kids, and my numbers may not represent a few who already qualified in the last few weeks.

Resource Rooms

Kindergarten:	1	
1st Grade:	1	
2nd Grade:	1	
3rd Grade:	1	(but probably 2 because, even if only 3 of the potential students qualified, we are over)
4th Grade:	2	(but probably 3 because both would be very close to 16)
5th Grade:	2	(but potentially 3, depending on new qualifiers)

NOTE: That's definitely 7 Resource Rooms K-5, and possibly 10. Full disclosure... K-1 could be one Resource Room, so you'd only need a minimum of 6 Resource Rooms (not including the Grades 3-5 rooms that will likely go over the 16 cap)
