ALLEGATION: **Fight**

DETAILS:

Brecksville, Brecksville-Broadview heights high school. At my school we have a balcony and there was a group of boys messing around and this one kid was pushing the other kid over the edge. And they kind of got into a fight. It just scared me because the kid was really over the edge

SSHL: Can you provide any names? Who was the kid being pushed and who was pushing him? When did this happen?

Happened this morning around 7:28ish I think because I was going to the bathroom. And I don't know names but seemed like freshman and sophomores. There's a camera right above where it happened and those boys always mess around standing there.
