

Mrs. Magyar, Mr. Ast, and School Board Members,

Emily Garlock and I are respectfully submitting this proposal regarding a performance trip for the high school choir and orchestra programs. We are asking for this to be added to the November 20th school board meeting since we will be there to answer questions.

All students in the Choir and Orchestra programs who are enrolled in the class will be eligible for this trip. The destination will be **Los Angeles, California**. We would leave Friday Morning on **March 26th, 2021 and return on Wednesday night on March 31st 2021**.

The objectives of this trip are:

1. Performance Opportunity: Each participating student will experience the wonderful opportunity of performing in a unique environment. This would include performing in a major theme park and for a completely different audience.

There is also a clinic opportunity with a local university, and a workshop with the Disney Music Staff.

2. Students will experience the excitement of being in Los Angeles, seeing a working movie studio, visiting the Grammy Museum, and several other opportunities that we cannot provide on this coast.

3. We chose to go over Spring Break so this trip would not take students out of class, and we would also be back home in time for Good Friday and Easter.

The cost is around \$1,700-\$1,900 and includes 10 meals (5 breakfast & 5 dinners), hotel accommodations in Los Angeles, Buses in Los Angeles, Airfare from Cleveland to LA, Broadway Show, and a LA Philharmonic Concert.

Please let us know if there is anything else needed from us, and we thank you very much for this opportunity.
