Facility Improvement Planning

Facility Master Plan Projects Ranked by Priority

1.) High School & Middle School Roof Replacement/Repair	\$1,350,000
2.) Middle School Access Control/Security Vestibule	\$350,000
3.) Tennis Court Replacement - 5 courts at their existing location	\$580,000
4.) High School & Middle School - HVAC Mechanical Systems/DDC Control Updates	\$1,629,000
5.) High School Plumbing - Plastic water line replacement	\$1,200,000
6.) Track Resurfacing	\$500,000
7.) Exterior Windows Replacement	\$375,000
8.) Site-Asphalt, Concrete, Drainage	\$250,000
9.) Carpet & Tile Replacement/Repair	\$225,000
10.) Emergency Generator	\$50,000
11.) High School Gym Area Storage Addition	\$150,000
	<u>\$6,659,000</u>

Facility Improvement Planning

Future and Proposed Facility Improvements: New PreK-5 School Building Primary Electric Service, Lighting Upgrade, HVAC Controls Upgrade and Elementary School Classroom Air Conditioning

PreK-5 School Building Primary Electric Service - Capital Lease:

- Capital cost \$250,000, Interest 6.25%, 10-year term, \$41,000 cost per year, total outlay \$380,000 estimated.
- Standard refundable deposit \$15,000. Annual savings approximately \$25,000.
- Includes 6kw Solar Tracker approximate cost \$20,000.

System-Wide Lighting Upgrade - Capital Lease:

- Capital cost \$850,000, Interest 6.25%, 10-year term, \$137,000 cost per year, \$1.3 million estimated total outlay.
- Deposit \$65,000, \$50,000 refunded in years one and two, at \$25,000 each year, \$15,000 refunded at end of term. Annual savings approximately \$18,000.
- Auditoriums only – Middle School \$94,850; High School \$46,850.

HVAC Controls – Mill Road Campus less Hilton (State Term Pricing) – Building Fund/TAN:

- Wadsworth Solutions - \$459,000.
- New front end, upgrade High School, Middle School control systems and integrate Middle School classroom AC.
- Allowance of \$65,000 for High School repairs.

Middle School Classrooms & Auditorium AC (State Term Pricing) – Building Fund/TAN:

- MG Energy Solutions - \$1,170,000.
- Utilize Variable Refrigerant Flow System. Estimated energy efficiency incentive approximately \$18,000.

Elementary Temporary AC (State Term Pricing) – General Fund

- MG Energy Solutions.
- Install 67-10,000btu window units - \$135,600.
- Effective Utility Services upsize Hilton Transformer - \$1,700.
- \$15,000 electrical allowance.

*All project costs include professional engineering

Facility Improvement Planning

Proposed Permanent Improvement Projects

Stadium Home Bleacher Renovations:

- Public bid project
- Budget estimate \$250,000

High School Foundation/Structural Repairs:

- Public bid project
- Budget estimate \$250,000

Middle School Roof Replacement:

- Public bid project
- Budget estimate \$75,000
