

December 10, 2019

Superintendent Joelle Magyar
The Brecksville-Broadview Heights City School District
6638 Mill Road
Brecksville, Ohio 44141

Dear Superintendent Magyar and Members of the School Board,

The holiday season provides an opportunity to reflect on the past years' accomplishments and make plans for the upcoming year. One thing is certain, we are continually humbled by the commitment of our coalition members and volunteers.

This past year, we continued to increase our community partnerships and, thereby, expanded our outreach and effectiveness. Collaboration with the MetroHealth System has been instrumental in the development and implementation of a number of our initiatives in the schools and larger community.

Our youth-led school-based programming at the middle and high school has been very effective increasing education and awareness regarding underage drinking, prescription drug education, vaping and marijuana use. In addition, we have collaborated with several community-based organizations to provide education and awareness on a variety of topics to students and community members.

We have worked diligently to create numerous strategies and initiatives to address risk and protective factors impacting youth tobacco use and have expanded our focus this year to include second-hand smoke and increasing access to smoking cessation.

We could not do what we do without your ongoing support. On behalf of the Executive Board of the CAPA Coalition, we respectfully request a yearly contribution in the amount of \$25,000.00 from our partners in the Brecksville-Broadview Heights City School District.

We are grateful for the ongoing support of the Brecksville-Broadview Heights City School District. If you have any questions or concerns, I can be reached at 440-463-3185 or at ccalevich@gmail.com.

Sincerely,

Carla Calevich, Ph.D.
CAPA Executive Board Member
