## Options Book Revisions 2020-21

Introducing the new format for the [BBHHS Options Book](#)

Home

[Master List of all Courses](#)-Updated **Master List of all Courses** to include NCAA ineligible courses.

Added the following under [General Information](#):

Links to Ohio Dept of Education Graduation Requirements for the [Class of 2021, 2022, 2023, 2024](#) along with Diploma Seals

Added the following Ohio Dept of Education Graduation Requirement changes.

[Diploma Seals](#)

Students in the Class of 2023 and beyond must earn 2 diploma seals from the choices below as part of their graduation requirements.

[College-Ready Seal](#)

[Science Seal](#)

[Ohio Means Jobs Readiness Seal](#)

[Citizenship Seal](#)

[Industry Recognized Credential](#)

**Community Service Seal**

[Technology Seal](#)

[Military Enlistment Seal](#)

**Fine/Performing Arts Seal**

[Honors Diploma Seal](#)

[Seal of Biliteracy](#)

**Student Engagement Seal**

### Locally Defined Graduation Seals

**COMMUNITY SERVICE SEAL**- 40 hours of community service over 4 years. It is recommended that students meet this total by completing 10 hours each year of high school.

- A student pursuing this seal must have a plan pre-approved by his/her school counselor. The plan will describe:
  - What the student will do for community service and where.
  - Contact information and signature from someone at the organization agreeing to the community service hours
  - A minimum of 5 hours at any one place of service.
- Students pursuing this seal will track their own hours and obtain their own signatures.
- Completed service hours form is due by April 1st of the student's senior year.

**FINE AND PERFORMING ARTS SEAL**- 4 high school credits in the fine and/or performing arts.

- See the courses under ART and MUSIC in the Course Registration Guide for a list of credits that count for this seal.
- Fine Arts credits earned through College Credit Plus and Independent Study (with transcribed credit) or transferred in from other high schools also qualify.
- Many BBHHS fine arts courses are 0.5 credits each. Students pursuing this seal must keep this in mind.

**STUDENT ENGAGEMENT SEAL**- Active participation in at least the equivalent of TWO Brecksville-Broadview Heights High School extracurricular activities each year of high school (List available in handbook and counseling office).

# Brecksville Broadview Heights High School

## Options Book Revisions 2020-21

- Extracurriculars include clubs, sports, leadership groups for which the student does NOT earn academic credit.
- Active participation is described as a minimum of 80% attendance, active involvement, as well as the completion of the activity's duration (an entire school year for many).
- Student pursuing this seal must obtain signatures from the activity's adviser, coach, etc.. as verification of active participation.

*Tracking/signature forms for each of these seals can be obtained in the school counseling office.*

### Academic Options

College Credit Plus -Added the following:

#### **LIMITATIONS**

To determine the number of credit hours a student can take in a year, BBHCSD must calculate the following credit limit:

**30 – (high school only credits x 3) = Maximum number of College Credit Plus credit hours**

Students may only take a maximum of 120 credit hours in the program.

If students would like to take more than the maximum number of credit hours, BBHCSD will pay the tuition, and the family would be responsible for paying the difference.

Most colleges define this through two tests: [ACT or Accuplacer](#).

- Step 1: Attend an information session hosted by the district, or by your high school (not all high schools host their own CCP information night).
- Step 2: Turn in your letter of intent to your high school counselor.
- Step 3: Determine test scores. ACT and SAT are typically accepted at all partner schools, some partners will also provide an Accuplacer exam once you have applied to be part of their College Credit Plus program.
- Step 4: Discuss your course selection with your high school counselor and college academic advisor to find courses that meet high school graduation requirements and set you up for college success.
- Step 5: Build both a high school and a college schedule.

**Deleted Computer Labs paragraph from page 14.**

### Courses by Department

#### Business and Technology

Add **AP Computer Science A**

Course Length: semester

Credits: .5- NCAA Eligible & NHS Eligible

Fee: AP Test Fee

Open To: sophomores, juniors, or seniors

# **Brecksville Broadview Heights High School**

## **Options Book Revisions 2020-21**

AP Computer Science A is an introductory college-level computer science course. Students cultivate their understanding of coding through analyzing, writing, and testing code as they explore concepts like modularity, variables, and control structures.

### **English**

**ENG1010 & ENG1020** - Changed course descriptions to match change in affiliation from University of Akron to Cuyahoga Community College

New course description: An introduction to fundamental college-level skills in academic reading and writing. ENG1010 will focus on academic writing; reading and interpretation of selected texts. While ENG1020 will study persuasive and argumentative writing with emphasis on analysis and research; reading and interpretation of selected texts. Course may be thematically organized. Students would earn college credit transferable to all Ohio public universities as well as high school credit

### **Added Writing Lab 1065**

Course Length: semester (may be taken both semesters and/or repeated)

Credits: .5- NCAA Eligible & NHS Eligible

Fee: None

Open To: sophomores, juniors, or seniors who are in or have taken an AP English course; with permission of instructor

This lab-based class will work on reading, writing, and editing skills for the first few weeks of the quarter preparing students to become Writing Interns. Students will be working with select classes as a part of the BBHHS Writing Lab to support student writers. Students should expect to work alone and as part of a team.

Students will focus on helping students with their writing at any stage of the writing process, including the following: choosing or narrowing a topic, developing a thesis statement, finding good sources for a research project, organizing materials, developing ideas and supporting claims, improving logical flow, polishing drafts, correcting recurring grammar and usage errors and asking questions to help students with writing.

Students will gain confidence, perspective, and understanding as writers; improve their own writing by working with other student writers, other interns, and the director.

This is a semester class that may be taken both semesters and/or repeated.

Prerequisite: Students must complete an application by April 1st and receive permission from the Writing Lab Director to be accepted into this class. They must be in AP Language, AP Literature, or AP Research in order to be a part of this class and have a teacher recommendation.

### **Added Video Journalism 1054**

This course will provide space for students to produce and practice digital communication in a responsible manner. We will produce projects for the school and provide support for other academic and extracurricular groups associated with the school. Students will learn to communicate professionally as they become more responsible digital citizens.

# **Brecksville Broadview Heights High School**

## **Options Book Revisions 2020-21**

Students will focus on writing, editing and producing videos to market, brand, and promote as well as design for social media, YouTube, and the web. Students will gain confidence, perspective, and understanding in the roles of screenwriter, director, producer, and editor of video productions. This is a semester class that may be taken both semesters and/or repeated. It can be taken S/U.

### **Math**

Added Tri C College Algebra this year as a pilot and are planning to offer Tri C College Trigonometry next year for a full year of college math options. Students must meet Tri C admission and placement requirements.

College Algebra - MATH1530 - 2014

Course Number: 2014

Course Length: year (Tri-C portion in 2nd Semester) - NCAA Eligible & NHS Eligible

Credits: 1.0

Open To: students who meet the enrollment criteria for College Credit Plus

Topics include extensive function (linear, quadratic, polynomial, radical, roots, power, piece-wise, exponential, logarithmic) representation including verbal, numeric, graphic, and algebraic, identifying properties of the different function types, transformation of functions, solve linear, polynomial, rational, absolute value, exponential and logarithmic equations. Solve quadratic, polynomial and rational inequalities in one variable. Determine and graph conic sections, solve nonlinear systems of equations and inequalities and solve systems of equations using matrices, arithmetic and geometric sequences and series. Includes applications and activities to build skills in problem solving.

Prerequisite: Algebra 2/Trig and acceptance into Tri-C by meeting CCP requirements.

College Trigonometry - MATH1540

Course Number: MATH1540

Course Length: year (Tri-C portion in 2nd Semester) - NCAA Eligible & NHS Eligible

Credits: 1.0

Open To: students who meet the enrollment criteria for College Credit Plus

This course is part of a two semester sequence. Topics include trigonometric functions and their values for all angles, vectors and oblique triangles, graphs of trigonometric functions, trigonometric identities and equations. Applications and activities to build skills in problem solving included.

*Prerequisite(s): [MATH-1530](#) College Algebra or sufficient score on math placement test; or departmental approval: equivalent coursework.*

### **Music**

Combine Concert Choir and Choraleers to Symphonic Choir 7520

Add new course:

Tenor/Bass(Men's) Choir - 7522

Course Length: year

Credits: 1.0 - NCAA Eligible & NHS Eligible

Fee: \$35 VMB Fee.

Open To: Tenor or Bass singers in freshman, sophomore, junior, or senior

# Brecksville Broadview Heights High School

## Options Book Revisions 2020-21

Men's Choir is a new ensemble for all Tenor and Bass voices in grades 9-12. All skill levels welcomed and encouraged! Music of all styles and periods are included. **All concerts and performances are mandatory.** Prerequisite: No audition required. Must sing in Bass Clef.

Rename Symphonic Band from 2 equal groups to 1 Symphonic Band and 1 **Concert Band Crimson/Gold**

Course #

Course Length: Year

Fee: Pay to Participate, Band Booster Fee, School Instrument Fee

Credits: 1.0

Open To: freshmen, sophomores, juniors and seniors

Concert Band is the introductory level concert band in the BBHHS band program and is offered to all woodwind, brass, and percussion instrumentalists without audition. The course is split into two classes, one with woodwinds and percussion(Crimson) and one with brass(Gold). Concert Band Crimson/Gold focuses on the fundamentals of playing musical instruments and building ensemble playing skills to prepare students for advancement into the three auditioned concert bands.

Participation in marching band is required and has a two-week mandatory practice before the opening of school in late July/early August. Marching Band will continue until the conclusion of the varsity football season at which time students will begin Concert Band literature. A short audition is required for chair placement at the conclusion of the football season.

Prerequisite: Participation in middle school band or director approval.

Updated Band course descriptions but no substantial changes.

### Physical Education/Health

#### **PE 2 8020 renamed Fit for Life**

**New course description:** Start now to be fit for life! Learn physical fitness activities which you will be able to participate in throughout your entire life: yoga, walking, hiking, jogging, weight lifting, some lifetime sports activities, and more. Starting a routine to be fit for life now will not only help you be physically fit, but mentally and emotionally as well.

### Science

Add new course that could be offered instead of or in conjunction with Honors Physics:

#### **AP Physics 1**

Course Number: 3011

Course Length: year

Credits: 1.0 - NCAA Eligible & NHS Eligible

Fee: \$20.00 + cost of test and workbook

Open To: juniors or seniors

AP Physics 1 is designed to be equivalent to the first semester of an introductory college-level algebra-based physics course. This course is useful for potential engineering, pre-med, science and computer science majors as well as anyone interested in Physics. As AP Physics 1 is taught over a full school year, there is time for thorough, in-depth, student centered inquiry activities allowing students to carry out careful experiments and design laboratory practical work to answer real world questions. AP Physics 1 covers the study of Classical Mechanics which includes: Kinematics, Projectile Motion, Newton's Laws, Circular Motion, Gravitation & Kepler's Laws, Work & Energy, Momentum & Impulse and Torque & Rotational Dynamics. Additionally, students will study

# **Brecksville Broadview Heights High School**

## **Options Book Revisions 2020-21**

Electrostatics & basic DC Circuits, Simple Harmonic Motion and Mechanical Waves. AP Physics culminates with the AP Physics 1 examination in May.

Prerequisite: Approval of the previous science teacher and counselor and credit for Algebra 2.

### **Social Studies**

#### **AP World History name change AP World History: Modern**

New course description: In AP World History: Modern, students investigate significant events, individuals, developments and processes from 1200 to the present. Students develop and use the same skills, practices, and methods employed by historians: analyzing primary and secondary sources; developing historical arguments; making historical connections; and utilizing reasoning about comparison, causation, and continuity and change over time. The course provides six themes that students explore throughout the course in order to make connections among historical developments in different times and places: humans and the environment, cultural developments and interactions, governance, economic systems, social interactions and organization, and technology and innovation.
