Dear Ms. Magyar,

The Educational Service Center of Northeast Ohio prides itself in being customer friendly and responsive to the districts requests and needs regarding the fiscal realities of each public school system. Fiscal responsibility is kept as a high priority when we develop the budget and operation of each of our departments and programs that serve students from any of the fine public school districts. We make it our commitment to keep costs at the lowest level possible while providing a high quality, comprehensive program or service to meet your need to serve your most educationally challenging student population.

As requested by our customer districts to assist them in their annual budgeting process, below is a chart that lists the educational programs, services and costs for the 2020-2021 school year. The list below reflects a "**not to exceed**" dollar amount for each program or service for the 2020-2021 school year. It is our best estimate and will remain constant throughout the 2020-2021 school year. Costs are dependent upon student enrollment, district needs and varying personnel costs. While the COVID-19 crisis may impact our client district's traditional school operations during the 2020-2021 school year, direct costs shall be paid by school districts when services are provided to the student during any period of school closure mandated by federal, state, or local order. Our office has made every effort to contain our costs yet maintain high caliber program and services for your school district students with exceptional educational needs.
