From: AIR ASSESSMENT & END-OF-COURSE EXAMS

The state of Ohio uses the AIR assessment system to measure student growth aligned to the New Learning Standards for English Language Arts, Mathematics, Science, and Social Studies. The Ohio Department of Education has mandated end of course exams in 7 areas: Algebra I, Geometry, English 1, English 2, Biology, American History, and American Government. Students studying Advanced Placement (AP), or taking dual enrollment courses in American history or American government may take assessments aligned to those courses in lieu of end-of-course exams to avoid double testing. With few exceptions, students must accumulate a minimum of 18 points from scores on their end-of-course exams to become eligible for a diploma.
