LLS- “Students of the Year”

About Us:

- ★ Alexa, Ava, & Kaitlyn
- ★ Juniors
- ★ Cheer
- ★ Various Clubs (ex. SADD, Huddle, Key Club)

Overview of LLS- “Students of the Year” program

- ★ 7 week initiative among various different highschool teams
- ★ Fundraising competition between the teams
- ★ Money goes directly to LLS to help those currently fighting leukemia and lymphoma in our own community
- ★ Made a team of other local students supporting us

Why we got involved:

- ★ Know direct family or friends who have been affected by cancer
- ★ Claire Martin: Claire is a survivor and we all cheered with her at Cheer World. She also participated in IIs and is a great role model and inspiration for us on our fundraising journey

Why we got involved (continued):

- ★ Gives us an opportunity to make a direct impact in our own community
- ★ Help those around us in any way possible
- ★ Helps us gain skills a regular class in school can't give us
- ★ Spread kindness!
- ★ Even more vulnerable to COVID-19: As we get the opportunity to start to return back to our normal lives they do not. They are more at risk and don't get to have the freedom we do. We want to do whatever we can to keep them happy and healthy.

Honored Heroes of LLS:

- ★ Each year LLS represents two people as our “Honored Heroes”
- ★ They are examples of people who are fighting for their lives and who we are directly helping with our fundraising

Honored Hero of LLS: Tim

Honored Hero of LLS: Collin
