Re: Submittal Letter to Request for Proposals of Legal Services for the Brecksville-Broadview Heights City School District Board of Education

Dear Mr. Yaniglos:

We are thrilled to have the opportunity to be a part of the Brecksville-Broadview Heights City School District team and partner with the Board of Education to provide exceptional legal services customized to the unique needs of the District. As the Board of Education continues its endeavor to enhance educational opportunities and optimize efficiencies during an extremely difficult time for public education, we are eager to contribute to the Brecksville-Broadview Heights tradition of excellence by providing high-quality legal services at a fair and reasonable cost so the Board may continue to focus funds on education with:

- A meaningful and modern approach to education law with a focus on trust and personal relationships.
- Customized counsel based on a best-fit approach for your District from experienced and practical “in-house” counsel dedicated to being part of day-to-day decisions, to responsible guidance for specific projects, to planning for upcoming initiatives to modernize District staff and student practices.
- Consistent communication, accountability and responsiveness to prevent legal problems and reduce and minimize District expenditures for legal services.

While we propose that I assume the role of relationship manager for Gingo & Bair Law, LLC, together the firm’s attorneys will focus on building a partnership with the District rooted in trust and confidence – a philosophy that we believe defines success for public education, our clients and ourselves.
