Date when decision is needed: September 1st 2021 **Proposal Date:** August 4th 2022

A. Purpose

1. What is the major place to be visited or event to be attended?

The BBHHS Marching Bees have been accepted to perform at a time and location to be determined in Walt Disney World in Orlando, Florida on Sunday, March 27th 2021.

2. How is the trip related to the education program of the District?

"Music has always had a prominent part in all our products, from the early cartoon days. So much so, in fact, that I cannot think of the pictorial story without thinking about the complementary music which will fulfill it." - Walt Disney Walt Disney World is an immersive experience that provides an attention to detail and performance that is second to none in the business. Our students will come away with life experiences that can't be delivered in the classroom. Performing in a new, unfamiliar venue shows our students how to adapt to changes and deliver results. The experience will foster a sense of teamwork and camaraderie within our group.

3. In what ways will the students benefit?

Taking our students "out of the bubble" of their day-to-day lives expands their horizons beyond what is familiar to them, encourages them to build stronger bonds with their peers, and exposes them to an international performance audience that is diverse and beyond what they are accustomed to. The responsibility of showing up on time, remembering the proper uniform, and managing one's own souvenir or meal money is a significant step toward the independence our students will need in their adult life.

4. In what way will the District benefit?

The district benefits by having 250 students/staff/parents represent our band program, our school, our district and most importantly our community to a large international audience. It provides a life experience that cannot be recreated and for some of our students may never have an opportunity like this again.

5. **How will the trip be evaluated to determine the extent to which these benefits were realized?**

This trip has been provided for years. It is an experience that earns great reviews by students and community members alike. When the trip concludes we will hear feedback from our students and parents.

B. Students and Staff

1. **Which students (grade, class, and organization) will be going?**

Members of the 21-22 BBHHS Marching Bees will be performing on this trip. That includes students in grades 9-12.

2. **How many students in total?** *About 210*

3. **How many students are currently experiencing academic problems?**

This is not something we track in the music department, but most of the students involved in our program do not have academic problems.

*For students to remain eligible for the trip their behavior over the next 12 months will be taken into consideration. Students with ISS's and/or OSS's will not be permitted on the trip. Additionally, students with delinquent attendance during the class period, after school rehearsals, and all performances will not be permitted on the trip. **This trip is a privilege** and our students need to earn this privilege by meeting our everyday expectations both in and out of the classroom.*

4. **Which staff member will be in charge?**

Vincent Ciulla – Head Director

John Pasternak & Tricia Astey – Assistant Directors

5. **What previous experience has the staff member had in conducting overnight or extended field trips?**

All staff members have participated and coordinated a trip of this magnitude many times.

6. **What other staff members will be going?**

We would like to invite a school administrator to attend and a school registered nurse to attend.

We also plan to bring our Flagline & Percussion advisors.

7. How many chaperones, in addition to staff members, will be going?

Estimated 20-25

8. What are their names and affiliations with the students?

This is TBD. There will be a chaperone application process once the trip is approved. All chaperones must be parents/guardians of students.

9. How many school days will be missed? Friday 3/25/22 . The remaining part of the trip is over Spring Break. We wanted to leave on Friday so students may return from the trip on Wednesday. We feel this comfortably allows students enough time to feel well rested and rejuvenated in preparation for the month of April which has students testing often. Also, students would be missing minimal classroom instruction time.

10. How will teachers be advised in advance that the students will be out of school?

We will provide ample notification to staff & administration of names of students attending the performance.

E. Finances

1. What is the estimated total cost and cost per student?

A rough estimate cost per student we is currently between \$1,100 - \$1,400. This has yet to be determined, but there will be heavy parent and family input on this number.

Total estimated trip cost would be \$300,000

2. What is the source of the funds?

Students/Families are responsible for the cost of their trip. Through the BBHHS band boosters there are ways for students to earn individual "Bee Bucks" to lower their costs of their trip. This is done typically through our Citrus Sale.

3. How will the funds be collected and safeguarded?

Money will be collected directly by the tour company. Families can login directly with the company and make payments online or drop off payment at their location in town.

4. How will any shortfall be made up or excess funds used?

Shortfalls are not expected as students who do not pay do not take partake. Excess funds are not expected because we do not expect individuals to pay more for their trip. However, as we go through the process the cost of the trip could go down.

5. What provision has been made for students who are financially unable to pay any necessary costs?

Students in need of financial assistance will submit a travel application to ensure they are in good academic standing and have made efforts to raise funds. We plan on assisting in defraying the cost of the trip for students in these situations as much as we can. Additionally, we will seek out donors to help lower the cost of the trip.

F. Communications

1. How will you communicate to parents prior to, during, and after the trip?

A number of letters and emails will be provided to parents long before the trip and leading up to the trip. During the trip, if parents want to know how the trip is going we will make regular post on our band's twitter page which can also be viewed on our band's website. During the trip, if a parent needs to be contacted because of issue/emergency we will have their contact numbers on file.
