

BRECKSVILLE-BROADVIEW HEIGHTS CITY SCHOOL DISTRICT

RESET/ RESTART
SAFETY PROTOCOLS FOR THE 2021-2022
SCHOOL YEAR
August 10, 2021

Legislative Updates

- June 2, 2021- All previous health orders issued by the Governor are lifted.
- June 21-Summer ESY services and Enrichment camps begin under no health orders.
- June 23- SB22 is in effect which limits the authority of the Governor, Ohio Department of Health/Director of Health from issuing any health orders. The Ohio Legislature retains the authority to revoke Department of Health Orders.
- Should FDA NOT fully approve the COVID vaccine- October 13- HB244 prohibits public schools from requiring individuals to get vaccinations not fully approved by the FDA; AND prohibits schools from requiring unvaccinated people to refrain from or engage in activities/precautions that differ from vaccinated people.
- CDC order of masking on public transportation that includes school busses.

2021-2022 COVID Reset & Restart Guiding Practices

Facial Coverings - Strongly Recommended

- We will continue to evaluate all recommended protocols and guidelines as set forth by the Ohio Department of Health, CDC, and Cuyahoga County Board of Health. Under current guidance, the practice of wearing a facial covering is strongly recommended, but not required.
- As advised by public health officials, masks should be worn indoors by all individuals regardless of vaccination status. Consistent and correct mask use by people who are not fully vaccinated is especially important indoors and in crowded settings, when physical distancing cannot be maintained.
- For more information on facial covering recommendations, please visit: <https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/k-12-guidance.html>

Transportation - Face Coverings REQUIRED

- The CDC's most recent order states that passengers and drivers must wear a mask on school buses.
- A driver does not need to wear a mask if they are the only person on the bus.
- Seats will be assigned.
- For more information on transportation recommendations, please visit: <https://www.cdc.gov/coronavirus/2019-ncov/travelers/face-masks-public-transportation.html>

Handwashing/Sanitation

- Sanitizing stations will be available throughout the buildings for regular use.
- Intentional handwashing will occur in our elementary and middle schools.

Social Distancing

- Classrooms will be spaced to the fullest extent possible.
- Easily recognizable signage specifying guidelines and expectations will be displayed.

Community of Cleaners - Daily

- We all will do our part to ensure high-touch surfaces are thoroughly sanitized and disinfected at the end of each day, after class periods, and during transitions.

Wellness Checks - Daily

- Staff and students are expected to self-monitor for symptoms prior to and during the school day.
- Students and staff are required to remain at home with any illness and/or symptoms.
- Students should immediately inform an adult when experiencing symptoms.

Contact Tracing

- Contact tracing will occur when a positive case is reported. Close contacts will be determined on a case-by-case basis and communicated to families.

Vaccinations - Strongly Recommended

- Under HB244 (effective October 13) public school districts and institutions of higher education cannot require individuals to get vaccinations not yet fully approved by the FDA, which applies to the COVID-19 vaccinations. Schools are prohibited from requiring an unvaccinated individual to "engage in or refrain from engaging in activities or precautions that differ from the activities or precautions of an individual who has received such a vaccine."
- For more information on vaccinations under HB244, please visit: <https://www.legislature.ohio.gov/legislation/legislation-summary?id=GA134-HB-244>

Remote Learning - Not Offered

- We believe students benefit most from in-person learning. As such, 100% remote learning will not be offered.

Non-Essential Visitors & Volunteers

- Limit visits to school as much as possible.
- Follow posted guidelines and read all instructional signage.
- Must conduct self-wellness assessment prior to entering school buildings or grounds.

Remaining Flexible

- Our COVID Guiding Practices will be evaluated regularly and responsive to any and all COVID community spread.

Other Important Reminders

- Teachers and classes will be encouraged to consider outdoor learning opportunities when appropriate and when the weather permits.
- The BBHCSD routinely updates its "Decision-Making Protocols" which is posted on our Resources Page.
- The BBHCSD will closely monitor all cases and will make appropriate decisions with all stakeholders involved.

Guidelines for Quarantine After Exposure in K-12 Classroom Settings

This chart can help guide quarantine decisions after a student or adult contact is exposed to someone with COVID-19 in the classroom setting.

*This flowchart applies only to COVID-19 exposures that occurred within a K-12 classroom setting. It is not applicable to exposure in the community, extracurricular, or sports environment.

**If masking has not been implemented, local health departments (LHDs) may use this workflow if it can be established that the person WITH COVID-19 and individuals within 3 to 6 feet of the infected person were consistently and correctly wearing masks.
