**Re: Proposal for Landscape Architectural Services for Accessible Parking at
Brecksville-Broadview Heights High School Baseball Stadium**

Dear Mr. Coad:

Thank you for the opportunity to further develop our highly valued relationship with Brecksville-Broadview Heights City Schools. Behnke Landscape Architecture proposes the following professional services relative to adding five accessible parking spaces and accessible walks to both baseball and softball bleacher areas.

Scope of Work

We understand that we will provide technical specifications and construction documents for five accessible parking spaces and accessible walks. An initial sketch of the project is attached, Exhibit A. Bid will include base bid and one alternate bid, shown on the sketch.

For the scope of work listed above, we will provide the following services and deliverables:

1. Rendered site plan
2. Site preparation plan(s)
3. Site layout plan(s)
4. Site grading plan(s)
5. Site details covering all scope of work items listed above.
6. Meetings: Behnke Landscape Architecture will be available to attend the following meetings:
 - a. As required.
7. Construction documents at the following stages of development:
 - a. Design & Construction documents – Construction Drawings and Technical Specifications
8. Cost estimating and Budget Reconciliation at the following project phases: Construction Documents.
9. Bidding: Answer questions, provide clarifications, and prepare addenda as required. We will conduct the bid opening and provide the bid results with a bid recommendation.
10. Construction and Close-out: Conduct regular field visits, Answer RFI's, review shop drawings, and provide clarifications. We will process payment applications and prepare a project closeout documents. We will work closely with the selected contractor for a successful project.

Not included in our scope of work is responsibility for: Survey, geotechnical, SWPPP, ecological survey, wetlands delineation, or environmental study. We anticipate the selected contractor to pay all permit costs.

For the purposes of this proposal, we will assume an approximate construction budget at approximately \$70,000 for base bid.

Fee

We propose to provide the work described in this proposal for a lump sum fee, as follows:

- Base & Alternate #1 \$8,500.00

Schedule

We propose the following bid schedule:

- Board Meeting Approval – 8/25/21

Revised 7-16-21, Revised 8-13-21

Brecksville-Broadview Heights Accessible Parking – Baseball & Softball

- First Advertisement – 8/26/21
- Second Advertisement – 9/2/21
- Bid Due – 9/10/21

Construction to start upon Board of Education award and be complete no later than November 26, 2021.

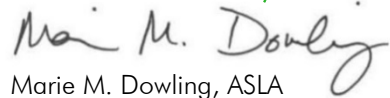

Reimbursables

Normal reimbursable expenses include plotting, printing, copying, mileage, and deliveries. We are assuming that all permits will be obtained by the Contractor.

If you have any questions, or need additional information, please call me.

Sincerely,

BEHNKE ASSOCIATES, INC.
