**Re: Bid Summary and Recommendations
Brecksville-Broadview Heights Track Renovation**

Dear Mr. Coad:

On Thursday, November 4, 2021, two (2) bids were received for the Brecksville-Broadview Heights Track Renovation project. The bids were opened and publicly read aloud at 12:00PM EST.

Both bids are under the base bid estimate of \$500,000. The low bidder, Vasco Sports Contractors, is 15% under the base bid estimate with a bid of \$423,760.00. The second bidder, SCG Fields, is 3.4% under the base bid estimate. Attached is a complete tabulation of the bids.

The bid forms required three allowances to be included with the base bid number for track repair. For Vasco Sports Contractors, these allowances totaled \$39,200.00. These totals will be billed on a unit cost basis and tracked throughout the project.

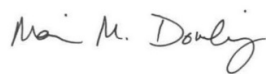

In addition, there are four alternate bids included with this contract. Alternate Bid #1 added an asphalt walk around the south end and new fencing surrounding the entire track. In addition, along the south edge, where the walk would be within the hillside, we added a wall and trench drain. Alternate Bid #2 includes sealcoat of existing asphalt within the track area to match the finished track color. Alternate Bid #3 removes grass at the south "D-Area" and replaces it with asphalt which will also be sealcoated to match the track. Alternate Bid #4 changes the base bid polyurethane structural spray to a higher end polyurethane sandwich system. Vasco Sports Contractors is the low bidder on all but Alternate Bid #2. Each alternate is under the Behnke estimated cost.

With the school's overall budget of \$550,000 for this project, Alternate Bids #2, #3, & #4 total to \$126,725.00 for an overall contract award to Vasco for \$550,485.00.

Behnke has reviewed the bid for Vasco Sports Contractors and has found no irregularities or exceptions. Behnke has completed numerous track and synthetic turf projects with Vasco. Recent track projects include Ely Stadium Track in Elyria, Chardon Track Renovation and Copley Track Renovation. We are extremely comfortable with the quality of their work.

If you have any questions or require further information, please feel free to contact me.

Sincerely,
BEHNKE ASSOCIATES, INC.

Marie M. Dowling, ASLA, LEED-AP
