

Brecksville Broadview Heights High School
Options Book Revisions 2022-23

General Information:

- **ADD:** All students, beginning with the class of 2026, will be required to earn .5 credit in Financial Literacy in order to meet State of Ohio graduation requirements.

All of the following course revisions listed will be reflected in the Course Master List once approved by the Board of Education.

ART:

Intermediate Art was changed into two different courses to promote more students moving on in art by pruning offerings and better aligning the course sequence for students to ensure a path for the development of artistic skills and expression. The goal is for the classes to exist for those most interested while also ensuring students needing to earn their fine arts requirement have varied mediums to explore aligned to their interests.

Intermediate Art 2D - 7032

Course Number:

Course Length: Semester

Credits: 0.5 - NCAA Eligible (pending) & NHS Eligible

Open To: freshmen, sophomores, juniors, & seniors

This course will give students the opportunity to expand upon skills learned in Art Foundations 2D. Students will be encouraged to apply realistic, abstract, and non-objective concepts to drawing, painting, and printmaking. Attention will be given to composition principles and technical control. Projects may include digital illustration, watercolor painting, acrylic painting, printmaking, colored pencil, and experimental techniques.

Prerequisite: Art Foundations 2D

Intermediate Art 3D - 7033

Course Number:

Course Length: Semester

Credits: 0.5 - NCAA Eligible (pending) & NHS Eligible

Open To: freshmen, sophomores, juniors, & seniors

This ceramics focused course will introduce wheel throwing and reinforce the sculptural and mixed media concepts learned in Art Foundations 3D. There will be an emphasis on the creative process of visual thinking and problem-solving. Students will have the opportunity to further three-dimensional skills through application of realistic, abstract and

non-objective concepts to sculpture and ceramics, with attention on composition principles and technical control. This course is required for students who intend to continue onto AP 3D Art.

Prerequisite: Art Foundations 3D or Ceramics

Advanced Art was labeled as an Honors course to recognize the high level of skill and effort required by students in the course.

Honors Advanced Art - 7030

Course Number: 7030

Course Length: year

Credits: 1.0- NCAA Eligible & NHS Eligible

Open To: juniors, seniors

This year-long course will give students the opportunity to master skills and expand their comprehension of media potential while being challenged with problems of increased complexity. Students will have in-depth studies of media and design relating to drawing, painting, ceramics, or sculpture and printmaking. Experimental and independent research of techniques and concepts is required. Students will begin to build their portfolios that may be used in AP Art.

Prerequisite: Intermediate Art 2D or Intermediate Art 3D, or recommendation of an art teacher

Darkroom Photography and Digital Photography were changed to Photography 1 and Photography 2 to reflect use of both methods at introductory level then a more intermediate level.

Photography 1 - 7027

Course Number: 7027

Course Length: semester

Credit: .5- NCAA Eligible & NHS Eligible

Open To: freshman, sophomores, juniors, seniors

This introductory course is designed to give students experiences with the creative and technical aspects of both digital and darkroom photography. Students will create striking images through an emphasis on composition principles, manipulation of camera settings to achieve specific results, digital editing and manipulation in Adobe Photoshop, as well as traditional darkroom practices. Students are required to take photographs for assignments both in and out of class. Some units of study will include the history of photography,

photograms, photojournalism, and commercial photography. This course is recommended for students interested in developing skills for a hobby or career in photography. Digital cameras available in limited quantities through the Art department or students may use their own. A field trip is included.

Prerequisite: none

Photography 2 - 7028

Course Number: 7028

Course Length: semester

Credit: .5- NCAA Eligible & NHS Eligible

Open to: freshmen, sophomores, juniors, seniors

This intermediate level course expands upon the basic digital and darkroom skills and techniques learned in Photo 1. An emphasis on more experimental photography techniques will be explored, and the use of a film camera will also be introduced. Students are required to take photographs for assignments both in and out of class. Some units of study will include studio lighting, double exposure, painting with developer, and levitation photography. Digital and film cameras available in limited quantities through the Art department or students may use their own. This course is required for students who intend to continue onto AP Photo. A field trip is included.

Prerequisite: Photography 1

MUSIC:

AP Music Theory

- Will not be offered 22-23 due to lack of enrollment in previous years. Students are able to take Music Theory.

Wind Ensemble

- Will now be titled Wind Ensemble/Marching Band

Concert Winds

- Will now be titled Concert Winds/Marching Band

Symphonic Band

- Will now be titled Symphonic Band/Marching Band

These courses always included the Marching Band component. Name change is to reflect the expectation of participation in the Marching Band explicitly.

WORLD LANGUAGE:

Chinese I

- Will no longer be offered. Due to low enrollment, Chinese is being phased out district wide as a world language offering.
