Music Programs

Congratulations to our BBHHS Wind Ensemble and Chamber Orchestra students and directors for earning I- Superior ratings at the Class A OMEA Large Group Adjudicated events. At these events, student groups perform OMEA selected pieces and are assessed by three adjudicators. These adjudicators provide the groups with written and voice recorded feedback to the ensembles on a scale of one (I) - five (V). One is the highest rating awarded and five is the lowest. Both groups receiving an overall “I - Superior” rating at this event is quite an accomplishment especially performing in the Class A level. We are extremely proud of their efforts and this great accomplishment. Congratulations on your success and representing our music program, school, and communities!
