All:

In light of Pat Corbett's email, at the Board meeting this Wednesday I am going to move to amend the policy to remove paragraph B. Please give me a call if you want to discuss further.

Thanks.

See chain of emails. Mark and Ellen asked for feedback from Pat Corbett regarding the one policy.

Thanks,
Joelle

You can defer to "Board Authorized" if you choose, but keep in mind other than law enforcement personnel in the performance of their official duties (A), you don't have to designate anyone to possess firearms in school.

Hi Pat,

See email chain below. Do we change the "intent" of the law if we change the word "designated" to "Board authorized"?

Thank you,

Joelle

Kathleen & Tish,

I am reaching out because you are both on the Board Policy Committee, so maybe you can share more insight about the update to Board Policy 7217 on weapons:

Exceptions to this policy include:

- A. weapons under the control of State or Federal agents authorized to carry deadly weapons who are acting within the scope of their duties or law enforcement agents; law enforcement personnel;
- B. weapons carried by security personnel or other designated staff employed by the Board who are qualified under State law to carry a weapon in a school safety zone while on active duty;
- C. objects indistinguishable from a firearm used during school safety trainings;
- D. items indistinguishable from a firearm approved by a principal as part of a class or individual presentation under adult supervision, if used for the purpose of and in the manner approved (working firearms and ammunition shall never be approved);
- E. theatrical props used in appropriate settings;
- F. starter pistols used in appropriate sporting events;

I am very concerned the policy is changing to allow weapons to be carried by "security personnel or other designated staff employed by the Board who are qualified under State law to carry a weapon in a school safety zone while on active duty."

You may be aware of HB 99, a bill currently being considered in the Ohio legislature. This bill would allow school employees with as little 20 hours of training to carry a firearm into a classroom. I have attached a recent article in case you're not familiar with the bill and its contents.

<https://www.news5cleveland.com/news/politics/ohio-politics/proposed-law-would-allow-ohio-teachers-to-carry-guns-in-schools-with-2-hours-of-hands-on-firearm-training>

Are we updating district policy to more closely align with this proposed bill? If yes, I am wondering why? HB 99 is still being considered by the legislature and is currently opposed by both law enforcement and education groups.

I am extremely concerned by the idea the district is expanding the categories of people allowed to carry firearms in a classroom. Can you help me understand why this policy is being updated to change this language at this time?

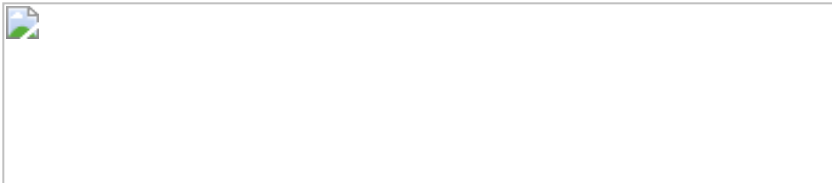

I copied the entire Board and Superintendent just so they are aware of my concerns.

As always, thank you for your time.
