RE: Qualification Statement For Offer To Purchase

Dear Ms. Riser,

American Historical Building Preservation Company LLC, in association with Global School Properties, is pleased to submit our qualifications statement for offer to purchase 8611 Wiese Road, Brecksville, Ohio 44141. Our team has spent considerable time reviewing the opportunity and seeks to maintain the building and its historic importance to the Brecksville community.

It has become an all too frequent tragedy repeated throughout America that buildings, once considered essential to a city or town, are allowed to deteriorate over time often resulting in their unfortunate abandonment or destruction.

In each of our preservation endeavors, we strive to accomplish the following elements:

- ▶ **EXPERIENCE** American Historical Building Preservation Company LLC, along with Global School Properties, has completed more than 10 historical projects totaling more than \$20 million just in Ohio. These facilities have provided opportunities to host important community services including learning community spaces, childcare centers, and adult education programs.
- ▶ **TEAM** has worked together before and is committed to historic preservation and partnering with nearby communities.
- ▶ **AVAILABILITY** of resources and staff. A majority of our team live throughout Ohio communities.
- ▶ **PRESERVATION** While our investor's intended use of a building may vary from its historic use, we pledge the purchase, renovation, and use will comply with all laws. The end goal is to retain the integrity of the building and thus strengthen the appearance and neighborhood where these buildings stand proud.

We look forward to the next step of the decision process. We are committed to the preservation of these buildings and the neighborhoods in which they are located.

Sincerely,

American Historical Building Preservation Company

Executive Summary

American Historical Building Preservation Company LLC, is a dynamic real estate group with interests in acquiring, preserving, and managing historical education properties.

The approach of the company is based on comprehensive management of every step of the development process, including project identification, entitlement, acquisition, financing, construction, lease-up, marketing and property management. American Historical Building Preservation Company LLC has built a strong reputation in the real estate industry for its dedication to long term value and comprehensive management. The consistent success of our projects can be attributed to its proven formula:

- Identify growing markets with strong demographics.
- Acquire high quality assets with creative and attractive architecture.
- Build a tenant mix that meets the needs of the community, combining national and local businesses and blending educational and community services.
- Develop and preserve relationships with government, tenants, and stakeholders to better serve communities.

Section Three

Team Composition

At American Historical Building Preservation Company LLC, it's a different path to finding the right solution. We strive to preserve in order to enrich and enhance the communities we work with. It takes a distinct way of thinking and creative mindset connected to a daring and unwavering vision. We have assembled a team of development, facilities renovation/maintenance, legal and finance professionals to fully support our projects.

Section Four

Qualifications of Development Team and Relevant Experience

From our perspective, we believe strongly that the best interests of the property and overall community would be to preserve and improve the property's current condition and expand the use of the facilities. Unlike other real estate development companies, we have no intentions to tear down or demolish the current building as it's a focal point of the Brecksville community.

Section Five
