

School Safety and Security Briefing August 16, 2022

Brecksville Broadview Heights City Schools

Preparedness

- **A culture of safety and security is in place within our school buildings. New security systems are in the process of being implemented. Security practices and systems are routinely tested and all school building Safety Plans are compliant. Safety grants have been submitted and funding is received on a regular basis.**
- **The Brecksville-Broadview Heights City School District school building Emergency Operation Plans (EOP's) have been developed pursuant to Section 3313.536 and 3737.73 of the Ohio Revised Code and Section 3301-5-01 of the Ohio Administrative Code and conform to the National Incident Management System (NIMS) and all applicable Homeland Security Presidential Directives.**

Preparedness

- **The school district has implemented the use of the StopIt app anonymous reporting system as required by Ohio Revised Code 3313.6610 (HB 123). The StopIt app is available to all school district students to report school security concerns, threats and any suspicious or undesirable behaviors experienced or witnessed related to school safety and security.**
- **Threat assessment teams have been created at the High School, Middle School and Elementary School as required by Ohio Revised Code 3313.669 (HB 123). Upon receipt or identification of a school threat, teams are required to follow established “Threat Assessment and Response Protocols”.**

Security Enhancements

Security Enhancements

Emergency Response

➤ **Sample Flip Chart - Illness/Pandemic**

*** Definition: A pandemic is an outbreak of disease that can spread easily from person to person. When people don't have natural immunity to a virus, serious illness or death is more likely to occur in any age group. This may be a local, regional or global outbreak.**

➤ **Function Content:**

**Close School
Emergency Communication
Medical Response
Mental Health Services
Rapid Assessment**

Emergency Response

Illness/Pandemic Procedures:

- 1. Office personnel/ health aide/building administrator will track absences due to illness.**
- 2. The school will decontaminate all surfaces when 15% of school population is absent due to illness.**
- 3. Building administrator/head custodian will coordinate cleaning/disinfecting procedures in affected areas.**
- 4. Building administrator will contact the Superintendent/Human Resources Director.**
- 5. Affected families will be notified.**
- 6. The school administration will close school when 25% of school population is absent due to illness.**
- 7. Superintendent/Director of Pupil Services/designee will monitor districtwide absence due to illness.**
- 8. Functional content areas identified above will be triggered as necessary.**
- 9. Instructional model will be adjusted based on length and severity of the illness.**
(Off-site learning plan)

A Culture of Safety and Security

- **At each school building safety and security drills are conducted routinely.**
- **Drill Types:**
 - * **Emergency Evacuation Drills-6 per school year**
 - * **Safety Drills-3 per school year**
 - * **Tornado Drills-2 or 3 per school year**
 - * **Theoretical or Table Top Drills-1 per school year**
- **A student that attends the BBHCSD for 12 years could easily participate in excess of 130 safety or security drills during their time in the school district.**

A decorative pattern of overlapping hexagons in shades of yellow and gold, located at the top of the slide.
