Hi Basia,

The Board is meeting next Tuesday, August 16th and we plan to have a thorough discussion regarding transportation for the upcoming school year including SATG concerns. I have included Ed Vittardi on this email so he can inform SATG families for awareness.

Thanks,
Mark Dosen
Note, I am responding on behalf of the Board

Not all kids are on the bus for that long...including SATG...we are requesting the reversal of 1 route... morning or afternoon to make it fair for all SATG students...

Hi Basia,
Bus routes just bid yesterday so I am not sure which busses will be servicing SATG. We put out a survey this year to get better data and we have 80 students from SATG that opted in for transportation. This is 40 kids per bus, which is the same average number we are running to transport to our own buildings.

We provide designated bussing to SATG. None of the other schools have designated busses. Kids from other schools are picked up at 7 am, transported to our middle

school, and then get on another bus to go to their specific school, resulting in a an hour and a half of transportation time on either side of their school day.

Thanks,

Joelle

To All;

Please find this as a formal request to reverse either the morning or afternoon bus # 9 route for St Alberts.

We have kids on the bus for over an hour in the morning and hour and half in the afternoon while other kids are on the bus for only thirty minutes.

We have 5 and 6 yrs olds that are falling asleep, have peed their pants and can't even drink water on the bus especially in hot weather days while en route.

I'm most certain none of you have a daily commute of an hour...not to mention hour and half ONE WAY.

St. Albert parents from Brecksville/Broadview Hts. have been requesting another bus for our children (there are over 90 kids that attend St. Albert from your district) for years. Not only has the district recently purchased new buses and combined 3 elementary schools into 1 there should be no excuse to add another bus to St. Alberts.

As of right now we consider this bus route to be determined impracticality of transportation and will pursue a payment in lieu of transportation to the parents if no changes occur.

Thank you
Basia Baumann
