Hello Board,

Craig and I added an agenda item so that we may discuss publicly, our current enrollment. We are 200 students above where we were last year at the elementary school. There are 500 more students at the elementary school than at the high school. Class sizes are large and we are posting positions to help alleviate some of this. SATG and Assumption are both down on their enrollments this year.

Not surprising, as we knew we would see an influx with the new building, but never would we have thought, nor did any of the enrollment studies indicate this type of influx. We will discuss openly at the meeting and how it also impacts the budget.

In addition, we spoke to David Riley and the Board only needs to approve the resolution for the sale. The agreement which is filed in the Treasurer's office, states the terms and conditions of the sale (including the language you were asking about, Mark). David said that does not need to be on the Board agenda.

The Mayor informed me on Friday that Brecksville and Broadview Heights are partnering to do a traffic study on Mill Road. I do not have the details as to the when and why, but the Mayor said he will try to get me some information prior to the meeting on Wednesday. BOTH local police departments have reported they think the traffic pattern is working and is running smoothly. We have no issues on our campus in terms of traffic flow.

See you Wednesday,

Joelle
