2220 - **ADOPTION OF COURSES OF STUDY**

The Board of Education shall provide a comprehensive instructional program to serve the educational needs of the students of this District. The Board shall periodically adopt courses of study that define the key components of the District's curriculum and instruction.

No course of study shall be taught in the schools of this District unless the Board has adopted it. The Board shall determine which units of the instructional program constitute courses of study and are thereby subject to the adoption procedures of the Board.

The Superintendent shall recommend to the Board such courses of study as are deemed to be in the best interest of the students. Each course of study shall:

- A. align with the District's mission, philosophy, educational goals, and strategic plan;
- B. identify learning and performance expectations;
- C. provide a scope and sequence of knowledge and skills to be learned;
- D. prescribe methods for assessment of student progress and the means for intervention;
- E. address the developmental needs of early childhood, middle childhood, and adolescent through young adult students;
- F. be guided by Ohio's State-adopted academic content standards.

Each course of study is intended to provide a basic framework for instruction and learning. Within this framework, each teacher shall use the course of study in a manner best designed to meet the needs of the students for whom s/he is responsible. Deviation from its content must be approved in accordance with the Superintendent's administrative guidelines.

The Superintendent, the building principal, and the media specialist at each school shall maintain a current list of all courses of study offered by this District and shall provide each member of the Board with a current list of all courses of study.
