Hi Kevin -

The BEA contract is located here: <https://www.bbhcsd.org/Downloads/BEA%202021%202024%20CBA%20FINAL%20w%20Signatures.pdf>

Supplementals are towards the end before the appendices. Let me know if you have any trouble navigating the document.

I am not sure I understand the last part of the question here:

1. I believe in the end the school board has authority for approval of these supplemental contracts and coaching contracts. Is that true? **Yes, the board approves all contracts. Note however that we rely heavily on the recommendations of our staff. Because due diligence is done beforehand, rarely is a contract be rejected in a board meeting.**
2. Are these the current responsibilities of the Treasurer? **Yes but I'll let Craig add any clarification if necessary.**

Are these questions tied together? The BEA negotiated agreement is where all supplementals are housed. Meaning that we cannot create a new one without going through some sort of bargaining process with BEA. If we just added one, they would file an unfair labor practice against us and most likely win. Once we go through bargaining, the Board ultimately approves the overall contract terms with BEA. If you are only referring to the process of individual contracts, that also happens at the Board level, but to Mark's point, after they have been vetted by Athletics and the Human Resources Department. Then individuals are placed onto the Board Agenda to have their supplemental contract approved.

Let me know if that doesn't answer your question regarding authority for approval of supplemental contracts and current responsibilities of the Treasurer.

Thank you!
Craig.

Hi Kevin,

I did some additional checking and, other than the option already offered by Mark Maslona, another option would be to find a volunteer coach. This would avoid the involvement of the BEA contract which is where supplementals are listed. There currently is no Girls Wrestling Coach in the supplementals so, adding it could get involved and costly. This is why participation levels are factored into the decision of onboarding a new sport. See my answers in **blue** below to your questions. If you would like to discuss further, feel free to call my cell at 440-570-9277.

Thanks...Mark

Hey Mark –

I thought a lot about this over the weekend and I have a few thoughts and requests for information to help me prepare for the Hearing of the Public at the next School Board meeting October 26.

1. What is the process for getting on the school board agenda for the meeting on October 26? I'm not sure what topics need addressed relative to other school business, but I welcome a back and forth with the school board members to properly discuss the topic of girls HS wrestling at Brecksville and providing a coach for girls HS wrestling. Regardless, I would like to officially request the opportunity to directly address the school board. [An agenda will be made public on October 24th and it will have an agenda item called Hearing of the Public. You must attend the meeting on the 26th in person and, when you arrive, fill out a simple form to get on the list to be heard. When we get to Hearing of the Public, those who filled out a form will have a chance to be heard. You get a maximum of three minutes. There is no back-and-forth with the board, only your comments for us to hear. There is no forum in a board meeting for a back-and-forth discussion with the board from the public. You can contact board members individually or you could try to arrange a conversation with two board members at one time but, any more than two would constitute a public meeting and would have to be noticed with a published agenda.](#)
1. I would like to request a list of the current supplemental contracts that are approved by the school board. I assume that is public domain data. I don't need the names, just the positions approved for supplemental contracts. [I am copying Craig our Treasurer on this as he is also our Public Records Officer. He will respond to this request.](#)

1320 - DUTIES OF THE TREASURER/CFO

The District's Treasurer, in addition to the responsibilities required by law, is responsible for helping the District achieve its goals by providing leadership and supervision in the program of fiscal management.

The Treasurer shall meet the qualifications specified for the position (A.C. 3301-5-01) and shall be directly responsible to the Board for the performance of the following assigned duties and responsibilities:

- A. serve as the Chief Financial Officer of the District;
- B. receive, deposit, manage, disburse, and account for all Federal, State, and local funds of the District in accordance with the Board's policies, administrative guidelines, and Ohio law;
- C. be responsible for the financial affairs of the District in accordance with the provisions of State law;
- D. establish and maintain long-range fiscal plans and prepare the annual budget based on District resources and needs;
- E. direct and assign employees who are directly engaged in the day-to-day fiscal operations of the District, as designated by the Board;
- F. provide that all District fiscal activities comply with the laws and regulations of the State, the negotiated agreements, policies of the Board, and the District's administrative guidelines;
- G. analyze the effectiveness of District business and financial functions and recommend appropriate changes in program, staffing, and/or management strategies to meet established District goals;
- H. work constructively with the Superintendent and District staff toward the achievement of District goals;
- I. promote the efficient and effective use of District resources in the daily operations of the schools;
- J. interpret the budget and the District's fiscal affairs to District staff and to interested members of the community to secure their input, involvement, and support for school programs and initiatives;
- K. maintain the highest standards of personal conduct, professional practice, administrative effectiveness, and financial responsibility of the District;
- L. perform such other duties as the Board may direct or assign.

Observation of the Treasurer's performance and preparation of performance reports shall be the responsibility of the Board.

That's it for now, but still thinking...lol

Thanks again,

Kevin

Subject: [EXTERNAL] Re: Girls Wrestling Coach at Brecksville

Hi Kevin,

Historically in our district the pathway to sanctioning a new varsity sport has been for the sport to first operate as a club sport building up a track record of solid participation and stable coaching/organization before converting it to varsity status. In the case of girls wrestling, the closest example would be boys gymnastics. I had our treasurer do some research and this is what he came back with:

The closest situation we have to girls wrestling is boys gymnastics. We have chosen to integrate the boy gymnasts with the girls team and they take care of the coaching, etc. So I believe this would be a very similar avenue and is the same information that Mr. Maslona shared with Todd Haverdill regarding this issue. He informed Todd that we could not support a separate team with one girl and that they could use one of their asst coaches to represent the girl's team either at the same matches or travel to separate ones.

I am sorry this is not the feedback you were looking for but, extracurriculars have a financial cost to the district so we try to ensure reasonable participation before funding it.

The board holds a regular meeting each month and at that meeting we have an agenda item called Hearing of the Public. This provides an opportunity for anyone from the public to address the board. You get three minutes and can say whatever you would like. The board will only listen so this is not a discussion or a back-and-forth. If you would like to attend a board meeting and make your pitch, you are certainly welcome to do so.

Let me know if you have any other questions or concerns.

Thanks...Mark

Mark –

I'm finally circling back to our conversation after mass several weeks ago regarding the now OHSAA sanctioned girl's wrestling. It is an exciting opportunity for the sport at a state level, and the need for a separate coach for the women's team at BBHHS is very important for a variety of reasons. As I enter my twenty-first year coaching wrestling at BBHHS, I know there are numerous, non-trivial challenges facing the wrestling coach at any level (event scheduling and attendance, scrimmage scheduling and attendance, practice partners, uniforms, communication, etc), and those challenges are particularly amplified for this new venture with girls wrestling.

The OHSAA currently lists the following sports with "boys and girls" separate designations;

Fall Sports:

Golf (girls) and Golf (boys) – Separate Boys and Girls Head Coaches

Soccer (girls) and Soccer (boys) – Separate Boys and Girls Head Coaches

Winter Sports:

Basketball (girls) and Basketball (boys) – Separate Boys and Girls Head Coaches

Swimming (girls) and Swimming (boys) – No coach(es) is/are listed on the BBHHS athletic site

Spring Sports:

Softball (girls) and Baseball (boys) – Separate Boys and Girls Head Coaches

Lacrosse (girls) and Lacrosse (boys) – Separate Boys and Girls Head Coaches

Track (girls) and Track (boys) – Separate Boys and Girls Head Coaches

Sports Not Competing in the Season:

Tennis (girls, Fall) and Tennis (boys, Spring) – Separate Boys and Girls Head Coaches

Volleyball (girls, Fall) and Volleyball (boys, Spring)

Field Hockey (girls, Spring??) and Ice Hockey (boys, Winter) – BBHHS does not have a Field Hockey Team

For any high school athletic team sponsored by a school district and for any BBHHS school district sponsored team as well, I think the rationale for having a separate girls and boys coach is fairly obvious and a requirement in order for the athletes to practice and compete on a level playing field. The level playing field in wrestling cannot be achieved without separate competitions specifically for female high school wrestlers. The sanctioning of girl's wrestling is so new to the OHSAA, that their website for Girls Wrestling

(<https://www.ohsaa.org/Sports-Tournaments/Wrestling/Girls-Wrestling>) currently has nothing posted for the upcoming year in the way of guidelines and rules. However, as a club sport, over the past couple years, girl's wrestling has introduced numerous tournaments for girls to compete in and the sanctioning of girl's wrestling will only increase the competition opportunities. Those opportunities will be all over the state and will require a coach to travel with our school's girl's wrestling representatives. You cannot compete without a coach so the requirement for a separate coach is obvious. The boys high team has three coaches contracts and there are competitions at varsity A, varsity B, junior varsity and freshmen levels that already divide the coaching staff. Again, in order for BBHHS and our community to properly support our young ladys' wrestling aspirations, contracting a separate girl's wrestling coach is a requirement.

Practices become a challenge as well. The strength of a high school boy vs. the strength of a high school girl is obvious, particularly considering high school wrestlers. Consequently, practice partners are challenging from matching skills, providing a level playing field, and reducing likelihood of injury. I mentioned the OHSAA provides zero information on their website currently, but the current boys Wrestling Regulation document (<https://ohsaaweb.blob.core.windows.net/files/Sports/Wrestling/WrestlingRegulations.pdf>), section 1.41 allows for:

Individual wrestlers from a school that does not have enough wrestlers to schedule or participate in dual meets (six or fewer weight classes) may practice or work out with other school teams or individuals during the regular season. Such situations shall be reported in writing to the Wrestling Administrator.

Assuming our girls numbers are six or less, practice opportunities can be pursued with similar girls programs in the area to allow practices to happen on a more level playing field. A coach would be required to travel with the athlete to these alternate practices sites and scrimmages.

Please let me know how to proceed, but I would like a chance to speak at the school board meeting in October or at least have this subject brought forward there.

Thanks,
Kevin
