#### 0131.1 - **TECHNICAL CORRECTIONS**

Periodically, it may be deemed necessary to make technical corrections to policies that have already been adopted through normal procedures. These technical corrections may include consolidation of sections, transfer of sections, combining or dividing sections, renumbering subsections, sections, chapters and titles, corrections or additions for grammatical or typographical errors, alterations and omissions, and/or updating the name(s) of the individual(s) who serve as District compliance officer(s), as long as the position/title remains the same as listed in the applicable Board policy, not affecting the constructions or meaning of those sections, subsections, chapters, titles, or policies as a whole.

Should the Board of Education choose to make such technical corrections, it may be accomplished by resolution as part of the consent agenda without going through the normal policy adoption procedure.
