

2023-2024 PSO Year End Recap

Purpose (1.2 Bylaws) - The purpose of the organization shall be to aid all students attending the Brecksville-Broadview Heights City Schools by providing support for their educational, recreational, and social needs and to promote open communication between parents, administration, teachers, and staff.

BBH PSO has had a wonderful year partnering with our schools and families. The past five years presented several challenges to the normal operation of the PSO units. Starting with the unanticipated early closure of Central School and continuing through the pandemic and closure of the district's three elementaries, the PSO has closed units, transferred funds and resources, consolidated its membership, and developed an entirely new organizational structure at the elementary school, among many other things. Notably, the Elementary PSO unit has successfully expanded its activities to meet the incredible demand at its school. As we conclude the 2023-2024 school year, it is a pleasure to see the PSO and the district itself returning to routine traditional activities.

Total Memberships Sold: 1,455 (214 staff/1,241 families)

Total Funds Raised¹: \$38,301

Total Gifts & Goals²: \$51,260
