District IRN#: 043646

County: Cuyahoga

Waiver Request: 2024-2025 School Year

Building: Brecksville-Broadview Heights Middle School

Contact Person: David Martin, Ph.D.

2. Career-technical education programs Rule 3313.90

Per 33 Ohio Rev. Code Ann. Sec. 3313.90. 2014, districts are required to provide career-technical education for middle grades. However, if the board of education of a school district adopts a resolution that specifies the district's intent not to provide career-technical education to students enrolled in Grades 7-8 for that school year and submits that resolution to the Department, the Department will waive the requirement for that applicable school year. Districts must submit the waiver by September 30 of every year.

3. Brecksville-Broadview Heights City School District BOE Resolution

The Brecksville-Broadview Heights Board of Education of Cuyahoga County, Ohio, adopts a resolution to waive the state requirement for the Career-Technical Education (CTE) Middle Grades for the 2024-2025 school year. At present, the BBHCSD will not provide career-technical education to students enrolled in seventh and eighth grade for the 2024-2025 school year. Instead, the BBHCSD will continue to provide a number of STEM-related courses in both seventh and eighth grade. We are currently awaiting notification from the Department of Education and Workforce (DEW) regarding our Ohio Career Technical Education Equipment Grant Program application, which is a middle school and high school grant (grades 6-12) that focuses on teaching students Python coding specifically for a career pathway.

Through the submission of this resolution by the BBHCSD Board of Education to the DEW on the nineteenth day of September 2024, the DEW shall waive the requirement for the BBHCSD in providing career-technical education to students enrolled in grades seven and eight for the 2024-2025 school year.
