The program will use the safety and emergency policies in effect for the school district. No student shall ever be left alone without the supervision of a BeeKeepers staff member or authorized adult. At the time of arrival to the departure from the program, an authorized adult must be within hearing range or visual contact with all students. Students must be signed-in/out daily by the person responsible for the student's arrival and/or departure. Sign-in/out sheets will be located in the designated areas. Students will only be released to parents/guardians and persons for whom the program has authorization stated on the Child Release Form. The authorization must be left at the team leader's work area. If the team leader or a team assistant questions the identification of the person requesting release of a student, proper identification will be requested to ensure the safety of the student. This procedure is not to antagonize or embarrass the responsible adult; it is done to protect the student.

A first-aid kit is available at the program at all times and is located in the team leader's work area as well as the emergency bag that is accessible during program activities. There are BeeKeepers' staff members on site who are certified in CPR and first-aid. All head traumas will be immediately reported to parents/guardians, as well as all injuries needing emergency assistance and/or transportation.

The staff has access to phones and emergency phone numbers. The students' emergency numbers are located in the team leader's work area as well as an emergency bag that travels with the group. The parents/guardians will be notified immediately of any emergency involving their child and if necessary, emergency transportation will be summoned. All accidents are documented on an incident report form, which MUST be signed by a parent/guardian and returned to program staff to be placed in the child's file for record keeping. Copies of accident/incidents reports that require medical attention will be sent to the Board Office for documentation purposes.

A District BeeKeepers Crisis Plan, as well as individual program plans, has been prepared in the event of an emergency such as fire, death, civil emergency, etc.

***BEEKEEPERS
EMPLOYMENT
POLICIES
AND
PROCEDURES***

NEWLY HIRED EMPLOYEE

During the first 60 days of employment, a newly hired employee shall receive 1 review. This time is given to the staff person as well as the Beekeepers program leader(s) to determine if the person is well-suited for the position. It shall be the responsibility of the team leader during the review period of each employee to investigate thoroughly the efficiency, conduct, and integrity of the employee and determine whether or not he/she recommends continued employment. Program coordinator makes all final decisions on employee reviews and recommendations to the human resource director.

Employment Agreement

A person hired by Beekeepers will be under an Employment Agreement which may or may not be renewed at the end of each year. A staff person's renewal is dependent on their attendance record, evaluations, cooperation with supervisors, quality of work and participation in all requirements of their position description. Automatic renewal is not to be assumed. Staff will be advised at the time of their yearly evaluation, if their employment agreement is renewed. Non-renewal may be due to lack of enrollment within the programs or reorganization of staff and may not be just a reflection of the staff person's evaluation or performance. This program is non-union and does not follow any of the BOSS requirements.

As Needed/Seasonal Camp Employees

A seasonal/camp (10-11 wks.) employee may be hired to meet temporary or seasonal camp needs.

Orientation: All seasonal staff members must complete an online orientation that the Ohio Department of Education requires within 30 days of starting employment as a staff member. EMPLOYMENT REDUCTIONS

The reduction-in-force procedure in Ohio Law will be used when employment reductions become necessary due to return of any employee after a leave of absence, decreased enrollment of pupils, suspension of schools, territorial changes, or financial reasons.

SCHEDULE AND WORK HOURS

Work Schedule: One of the primary responsibilities of a BeeKeepers team member is to be at the appointed site during the time he/she is scheduled to work. Excessive absence from work reflects negatively on overall performance. Morning team members are expected to arrive on site as early as 6:30 a.m., unless scheduled otherwise. Afternoon team members are expected to be on site at least 15 minutes before school is dismissed. If a team leader or team assistant is going to be late or absent, he/she is required to notify his/her program coordinator. If a team member is absent, the coordinator may contact a sub to fill a position as soon as it is determined to be necessary, in the event the coordinator is absent or designates someone to do so, the records analyst or a team

leader will contact a sub accordingly. This applies only in the event a list of program substitutes has been supplied and their availability has been listed.

Because of the time frame in which the program is operates, work hours for the before and after school program are not flexible. At the time of employment, employees will be informed about the hours he/she is expected to work on a regular basis for the BeeKeepers program. Summer camp schedules are different and will be determined, created and shared based on enrollment and activities scheduled.

The regular/full-time position schedule shall be Monday through Friday. The coordinator will determine the beginning and end time of the employee's day. If it is determined that an employee's schedule or shift will be changed, notification will be given as soon as it becomes apparent a change is needed. Schedules for positions are determined by student enrollment and can be changed as needs arise.

In the event that a parent is late in picking up his/her child, two staff members will be required to stay with the student until the parent arrives if no other school staff are in the building. This will be done first on a voluntary basis, or a rotation system can be implemented if necessary.

POSITION AGREEMENT

An employee working under an employment agreement with BeeKeepers shall work under a position classification as approved by the program coordinator. Consistent with the position classification, each employee will be assigned duties as determined by the employee's supervisor or coordinator.

There should always be at least one (1) team leader on site during non-school days and vacation camp days. STAFF MEETINGS/IN-SERVICE TRAINING

All staff meetings are mandatory. In all instances, an employee must notify the coordinator that he/she will or will not be attending the meeting (illness/emergency). The coordinator will meet

with team leaders as often as the program demands. The team leaders may schedule additional meetings with staff for a minimum of 30 minutes once per month for planning and information purposes. Summer Camp planning sessions (20 total hours) are required for team or seasonal camp leaders. Team leaders may need to schedule more than one meeting per month based on the schedules of their staff. Agendas should include covered items and be made available electronically for reference.

LATE ARRIVALS

Staff is scheduled to accommodate the child/teacher ratio. Each staff person is needed when they are scheduled. When a staff person is late for a shift, it puts the program in jeopardy of violating State Guidelines. Calling in advance of arriving late is appreciated, but in no way excuses the late arrival. To encourage staff persons to be on time, the following rules will apply regarding being on time for a scheduled shift:

1. A staff person is late when they are not in the designated area at their scheduled start time. One quarter hour (.25) or 15 minutes will be docked from that pay period in which the late arrival occurs.
2. When a staff person is more than one quarter hour (.25) or 15 minutes late, an additional one quarter (.25) will be docked from that pay period. (Example 16 minutes = .50 time docked). This process continues for each one quarter hour that a staff person arrives late.
3. Late arrivals will be documented in the staff person's evaluation.
4. The staff person will be subject to discipline per the Discipline Guidelines on page 32.

TIMESHEETS

Timesheets and record of hours must remain at the BeeKeepers program at all times. In the event of the coordinators absence, the program records analyst is responsible for checking, signing, and turning in all timesheets for review upon the coordinators return. Team leaders are designated to perform the aforementioned tasks in the records analyst's absence. Payable hours include time spent working at the BeeKeepers site and various in-service course work. Time is to be recorded each morning upon arrival and at departure. The same procedures for the timesheets are to be followed for the afternoon session. If timesheets are not complete the day the timesheets are due, only regular hours will be paid. The only exception would be in case of absence. The coordinator or other designated person will record the absence and turn in the timesheet for the employee. Falsification of a timesheet will result in disciplinary action up to and including termination. **Absences and leaves should be submitted via the EAC (Employee Access Center) within three days of an unplanned absence.** Reason for the absence should be noted in the comment section of the timesheets. Staff persons are responsible for completing their own timesheet. If correction to a timesheet is needed, the staff person will be notified and given an opportunity to correct it if before or by the deadline. After that point, the coordinator will make corrections and submit to payroll for processing. Copies of timesheets are kept in the BeeKeepers administrative office. Staff can request copies of timesheets submitted to payroll at any time from the program coordinator.

ABSENCES

Excessive Absences is considered missing more than 5 days during a year, unless there is evidence of an extenuating circumstance recorded: i.e., medical FMLA, death of immediate family member etc. Excessive absences are subject to the "Discipline Guidelines" on page 29.

For employees working the morning shift, phone calls should be made 10:00 p.m. prior to the day of the employees absence. If it is not possible to call in by 10:00 p.m., he/she must call the team leader at home by 5:30 a.m. Please do not call your supervisor between the hours of 10:00 p.m. and 5:30 a.m. except in the case of an emergency. The employee must call each day he/she is absent, if unable to call themselves, a family member may report the absence for them. If an employee is absent due to illness for more than (2) days, the employee will then be required, per District Policy to provide a physician's note to excuse them from work starting on day three (3), and a physician's note to release them to return to work after the third (3) day absent. Staff will not be permitted to return to work until required documentation is received by the coordinator and HR.

Team Leaders shall provide input regarding team assistants performance in the BeeKeepers program as appropriate.

Schedule for Evaluation: A new employee will receive a review at least (1) time during his/her first ninety day period (30 or 60 day review).

Every regular employee will be evaluated annually each school year. The seasonal employees will not receive an evaluation. Input from staff member will be requested to evaluate a seasonal employee for consideration for future employment.

In the event the employee receives a needs improvement or below rating in any area, the employee will be given an Improvement Plan that will provide specific target areas in which the employee can improve and suggestions advising how the employee can improve in the targeted areas. The employee shall be given a copy of the improvement plan. The length of the improvement plan (30 or 60 days) will be determined at the time of the Improvement Plan implementation.

Annual Evaluation Signing: The employee and the coordinator will sign the annual evaluation. A copy of the evaluation will be given to the employee. The employee's signature is merely an acknowledgement of having received the evaluation and does not indicate agreement or disagreement with the evaluation.

Evaluation Conference: Each employee will have the opportunity to discuss the written evaluation with the coordinator prior to the evaluation being filed in the employee's personnel file. Each employee shall be notified in advance of the scheduled evaluation conference. Signing the

evaluation doesn't mean agreement but acknowledgement of receiving the evaluation. Team member may write a rebuttal for the record.

LESSON PLANS/NEWSLETTERS

Lesson plans and Newsletters will be submitted via email or a copy sent to the coordinator's office by the team leader on or before the fifth (5) day of the month that is represented, unless instructed otherwise. The team leader will write lesson plans with the help of the team assistants/helpers at each school. Handwritten lesson plans or newsletters are considered unacceptable means of correspondence.

COMMUNICATION

Proper communication between all team members is essential to the overall success of the program. The coordinator must be kept abreast of all situations concerning the program and staff. The staff must be able to cooperate to succeed in achieving a common goal. Team leaders are responsible for the confidentiality of all information given to them by the coordinator, unless informed otherwise.

Employees working less than 260 days prior to July 1st will receive the increase after 260 days of employment based on their individual annual evaluation. Pay increases will be recommended by the coordinator to the superintendent, director of human resources, and treasurer for approval and consideration to the Board.

- In order to elect this option and receive this additional compensation, the employee must, during the month of September in a given year, complete, sign and file with the Board Treasurer a form turn indicating his/her election or forfeit this benefit. Except as provided below, once this election is made, it shall remain in effect and the employee shall not be entitled to receive coverage provided above for the duration of the one-year period.
- Notwithstanding the foregoing, during the year an employee may revoke his or her prior election of no coverage and prospectively elect to receive the insurance coverage if there is a Qualifying Event (e.g., divorce, death of spouse, spouse loses insurance coverage, marriage, birth or adoption of a child, placement for the adoption of a child, a child losing eligibility for coverage, a court order requiring coverage for a child, or certain enrollment rights required by ERISA and/or other federal law). If an employee elects to receive the insurance coverage after 6 months in which he/she first opts for the payment in lieu of insurance coverage, he/she shall receive a pro-rated dollar amount of the payment in lieu of insurance coverage for the month he/she was not receiving insurance coverage. The pro-rated amount is based on a twelve-month period.

SCHOOL CANCELLATION/DELAYED START DAYS

Each 201/260 day BeeKeepers employee will be paid for days school is closed but was originally scheduled to be open as determined by the District. The employee must have been scheduled to work on that day to receive pay. On a delayed start day the team leader is expected to arrive at their location 3 hours prior to the afternoon session in order to work their full 6 hours. Unless, instructed otherwise. On delayed start days that encompass the Beekeepers morning care service, the team assistants should be onsite for the afternoon session. There may be exceptions to this statement should an emergency need arise.

VACATION LEAVE

Throughout this vacation leave section, an employee is defined as a 260 day employee in active pay status. Vacation pay per week will equal the contracted hours scheduled per week. The BeeKeepers employee will be granted paid vacation according to the following schedule (any staff hired before 7/1/2016 will be grandfathered).

An employee, regularly scheduled to work 260 days will be granted paid vacation as follows:

- 1 week at the completion of one (1) year of service
- 2 weeks at the completion of five (5) years of service
- 3 weeks at the completion of ten (10 or more) years of service

Vacation for New 260 Day Contracted Beekeeper staff

- A 260 day employee is not granted vacation until he/she completes his/her first year of employment with the BeeKeepers program.
- After an employee completes his/her first year of employment with the program, his/her vacation shall be prorated for the time between the employee's first year employment anniversary date and the following July 1st. From that July 1st on, vacation will be granted on a July 1st through June 30th basis in accordance with the vacation schedule indicated above.
- To prorate the employee's vacation amount, one would take the days the employee is scheduled to work between his/her hire date and July 1st, divide those days by 260 days, and multiply that number by 10 days. To receive any prorated vacation days, the employee must have accrued at least one-half vacation day using the formula in this paragraph. Also when using this formula, any part of a day will be rounded up to the nearest half day.
 - Example 1: A staff member is scheduled to work 120 days between his/her employment hire date and July 1st. To determine the prorated vacation days, one uses the formula $120 \text{ days} / 260 \text{ days} \times 10 \text{ days}$ which equals 4.60 days. This would be rounded up to 5 days.
 - Example 2: A staff member is scheduled to work 30 days between his/her employment hire date and July 1st. To determine the prorated vacation days, one uses the formula $30 \text{ days} / 260 \text{ days} \times 10 \text{ days}$ which equals 1.20 days. This would be rounded up to 1.5 days.
 - Example 3: A staff member is scheduled to work 12 days between his/her employment hire date and July 1st. To determine the prorated vacation, one uses the formula $12 \text{ days} / 260 \text{ days} \times 10 \text{ days}$ which equals .46 days. Since using this formula the employee did not earn the minimum .5 days of prorated vacation, he/she will not be granted any prorated vacation days.

In the event an employee leaves prior to the end of the contract year, he/she will have deducted from his/her final pay all used but unearned vacation on a pro-rata basis. In the event an employee leaves prior to the end of the contract year, he/she shall be paid out all earned but unused vacation on a pro-rata basis.

Vacation Time Period/ Requests: All vacation must be used during the time period July 1st through June 30th. A team leader may not secure all Holidays off for vacation at the beginning of the new vacation calendar year to allow for other 260 staff to have an opportunity to be off during long holidays. A team leader must be present on all non-school days and holidays when Beekeepers is open. Each employee must give at least two (2) weeks prior written notice of his/her intent to use vacation. All requests for the use of vacation leave must be submitted on the Vacation Leave Request Form and submitted to the employee's immediate supervisor. The employee will be notified of approved/disapproved vacation as soon as practicable. Vacation can only be approved if the position can be covered, therefore do not make plans, buy tickets etc. before approval is given in an attempt to force the leave. Efforts will be made to secure coverage. If an employee cancels any of his/her approved vacation days, that employee must notify his/her supervisor, in writing, at least two (2) days before the scheduled vacation commences. Employee must submit the change in vacation days used to the Board using the approved copy and writing cancelled across the form or specific day(s).

PERSONAL LEAVE

- Each employee working **260/201** days per year and at least 5.25 hours five days a week, excluding student helpers, Discovery Camp Staff Assistants and as-needed staff, shall be granted up to three (3) days of personal leave (.25 days per month worked) each year without loss of salary, to transact necessary personal business or attend to affairs of personal nature that cannot be conducted outside the regular workday. Personal days are not 3 extra vacation days to use up before the end of the school year. Personal leave shall not be used for recreational purposes.
- **Valid reasons** for taking personal leave may include, but not be limited to, the following: family obligations, weddings, funerals, legal obligations, court appearances, travel conditions making it impossible to report as assigned, act of nature or accident to the employee's home or utilities that create a hazardous condition, emergencies beyond the employee's control, summons or subpoena issued for a non-job related issue, and for other just and prudent reasons not covered by any other leave policy.
- To apply for use of a personal leave day(s), the employee shall submit a "Request for Personal Leave" form to his/her immediate supervisor at least five (5) days in advance of the use of personal leave, unless an emergency exists. In the event of an emergency, the "Request for Personal Leave" must be completed and submitted on the day the employee returns to work.

SICK LEAVE

- Sick leave is not granted to student helpers, or substitutes or adult education instructors, working less than 120 days per school year, or persons employed on an as-needed, seasonal, or intermittent basis. However, all other employees are entitled to sick leave on the following basis: (1-1/4) one and one-quarter days for each completed month of service or (15) fifteen days for each completed year of service. (Day = number of contracted hours)
- Each regular employee will be informed, with each paycheck, the number of sick leave days he/she has accumulated. Official records will be kept by the team leader and the coordinator, as correct totals on all leaves may not appear on paychecks.

Acceptable reasons for use of sick leave are:

1. Absence due to illness, injury, or death in the immediate family. For the purpose of this subsection only, "immediate family" shall be defined as spouse, child, parent/step, sibling, grandparent or person living in the same household as the employee, and who clearly has stood in the same relationship to the employee as a spouse, child, or parent although not related to the employee by law.
2. Absence due to illness, injury, or death, of members of family not listed above. Absence shall be granted up to but not to exceed five (5) days in any one school year. Family in this category include son-in-law, daughter-in-law, parent-in-law, grandparent-in-law, brother-in-law, sister-in-law, aunt, and uncle.
3. Personal illness, pregnancy, injury or exposure to contagious disease.

FAMILY AND MEDICAL LEAVE ACT (FMLA)

Employees are entitled to utilize provisions of the FMLA per Federal Law.

JURY DUTY LEAVE

- An employee summoned for jury duty shall immediately notify his/her supervisor.
- When it is necessary for an employee to be absent due to a jury summons, the employee shall not lose any pay for the days he/she serves on jury duty. In order to be paid, the employee must, upon returning to work, submit to the coordinator a certificate issued by the court indicating the days jury duty was served.
- The employee shall retain any jury duty reimbursement to defray out-of-pocket expenses for having served as a juror.
- Seasonal, student helpers, "as needed", temporary assigned staff or staff working less than 201 days are not included in this benefit.

FAIR LABOR STANDARDS ACT

Overtime may be authorized only by a **supervisor/coordinator** and will be used primarily to address circumstances of an emergency or temporary nature. Non-exempt employees who work overtime without prior approval from the superintendent or a supervisor/coordinator will be subject disciplinary actions for insubordination up to termination.

RETIREMENT BENEFITS

When a staff member decides to retire, he/she will need to contact SERS for determination of retirement benefits. Only SERS benefits are available to staff that fall under the guidelines of this Employee Handbook.
