Education

Native Languages: Kazakh and Russian
Other Languages: English (8 years), Russian (8 years)
Projected graduation: 6/2026
Type of school attending: Public
Current grade: 10
Grade Point Average:
Able to Pay Tuition: 0

Interests

Pets: Dog
Diet restrictions: No Pork
Children 5 years or younger: Like Them
Could adjust to smoker: Yes
Afraid of any pets: No
Could adjust to indoor pets:

Activity 1:

Reading is one of my favourite activities. I love the way a good book can evoke deep emotions, spark my imagination, and even challenge my perspective on life. Whether I'm curled up with a cozy mystery, an inspiring biography, or a fantastical adventure, I also have a special interest in self-development books; they inspire me to grow and improve myself. I find that reading not only provides me with entertainment but also broadens my understanding of different cultures and experiences. It's a joy that I cherish and can't wait to share with others!

Activity 2:

In my free time, I love to read, go for walks, and spend time with my friends. Reading allows me to explore different ideas, which I find inspiring. And while going out with my friends we discuss our latest reads. In the U.S., I'm excited to try cheerleading, theatrical arts, and volunteering. I've always admired the energy and creativity of cheerleading, and I think participating in theater would be a great way to express myself. Volunteering also appeals to me, as I love giving back to the community and making a difference. I can't wait to experience these activities

Activity 3:

A typical day in my life starts with waking up and getting ready for school. I attend classes, where I enjoy subjects like chemistry,

geography and English. After school I go to my English language courses. Once I'm home I cook dinner, and while having a dinner me and my family share stories about our day. Afterwards, I go studying and do my homework, I usually spend at least three hour to it. Before heading a bed I might listen some good podcast or music. That's a simple routine, but it makes me feel comfortable.

Student Bio:

Student’s Video Introduction Link:

Interests:

, , Baking, Indoor games, Movies, Reading, Student government, Debate, Volunteering

Awards / Achievements:

Regional Kazakh language and literature Olympiad	School #267	2023

School debate competition	School #144	2023

Allergies

Allergic to any animals with fur: No

Allergic to dust: No

Allergic to any food products: No

Other Medical Concerns:

Interviewer's Comments

Madina is a well-mannered smart and sociable student. She always approaches politely with the questions concerning academic materials and homework. I really appreciate her curiosity and responsibility in English classes. She mostly prefers group discussions, creative projects such as shooting videos about cultures, interesting facts, street interviews with her team. Madina has a strong desire to learn something new. She can spend hours reading books and discussing her impression of those books. She has set a good balance of academic studies as well as extracurricular school activities like debates and Olympiads.
