

SUBURBAN HEALTH CONSORTIUM

OUTLINE OF CHANGES IN THE PROPOSED SECOND AMENDED AND RESTATED CONSORTIUM AGREEMENT

Below is an outline of major changes to Suburban Health Consortium (“SHC”) as set forth in the proposed Second Amended and Restated Consortium Agreement being presented to the boards of education of the SHC member school districts for consideration and approval. All changes are shown in the redline document comparing the proposed Second Amended and Restated Consortium Agreement to SHC’s current Amended and Restated Consortium Agreement, as amended.

- I. Membership will no longer be limited to public school districts. SHC may consider and approve for membership other political subdivisions eligible to join under ORC 9.833, such as school district public libraries.
- II. The SHC Board of Directors will be reduced to nine members, with three separate classes of Directors with each class consisting of three Directors. The three classes of Directors will have staggered one, two and three year terms.
- III. The representatives of all SHC member school districts and other member political subdivisions, if any, will meet at least three times each year. These representatives will elect the SHC Directors, receive financial reporting, and conduct such other business as may properly come before them. These representatives will have the authority to amend or terminate SHC’s Consortium Agreement, so that it will no longer be necessary for SHC to obtain the approval of the local boards of education or other governing bodies for these actions. The SHC member school districts and other member political subdivisions (the “Consortium Members”), through their representatives, will be entitled to vote at a meeting of the Consortium Members as follows:
 - Consortium Member with 50 or less employees = 0 vote
 - Consortium Member with more than 50 employees but less than 750 employees = 1 vote
 - Consortium Member with 750 or more employees = 2 votes
- IV. While responsibility for financial transactions will remain with SHC’s Fiscal Agent and Treasurer, the SHC Board of Directors will have the authority to outsource administrative duties of the Fiscal Agent and Treasurer.
