In-School Grief Support Group

at Brecksville-Broadview Heights High School

Program Overview

Brecksville-Broadview Heights High School expressed a need for additional support to assist with the recent deaths in the school and surrounding community. The desired programming consists of group sessions for students scheduled one day a week, during a lunch period on Mondays beginning October 13th for a total of 6 sessions. By providing these essential services and grief support, the district aims to assist students in effectively processing their grief and coping with loss. Obtaining professional grief support enables them to cope with the death of a loved one by expressing conflicting emotions and giving them a safe place to share their stories.

In-School Grief Support for Students

Our school group facilitator will provide grief support for up to 10 students, at Brecksville-Broadview Heights High School, who have experienced the death of loved one. Within the group, students will have a safe place to talk about their feelings, participate in grief art interventions, process loss, and learn healthy coping strategies. The objective of the program is to deliver expert grief care to students navigating the grieving process, aiding them in moving towards hope.

Group sessions will be held for six weeks beginning on October 13, 2025 to November 17, 2025 on Mondays during a lunch period. It will be held at Brecksville-Broadview Heights High School, with 1 Cornerstone of Hope professional and 1 Brecksville-Broadview Hts professional present at each session for a total of 6 sessions. Our facilitator will provide a safe and supportive environment. The grief interventions seek to facilitate healing and promote resilience among the students. As a part of the services, Cornerstone of Hope will provide accompanying resource materials and supplies for interventions.

Why Cornerstone of Hope?

Cornerstone of Hope is a nonprofit Comprehensive Bereavement Support Center serving children, teens, and adults who have experienced the death of a loved one. For over 21 years, we have been providing grief care in Northeast Ohio, and we have created a program for training, support and certification to area churches to extend our reach and minister to those grieving.

Cornerstone of Hope is the premier grief organization serving Ohio. Our comprehensive support for individuals and families includes Individual Counseling and Art Therapy, Support Groups, Bereavement Training for Professionals, In-School Support, Crisis Response, Summer Camps for Youth, Memorial Services, and Retreats. All of Cornerstone of Hope's programs and services are run by licensed clinicians. Our professionals have years of working with bereaved individuals.

Our team has responded to dozens of school crises, and our professionals are experienced in working with children and teens who have experienced traumatic grief. Our work with schools that have experienced a crisis has ranged from education and training to in-school support groups, help with communication with families, memorials, and other specialized supports.
